

A Public Hearing was held on January 10, 2023 to receive public comments regarding the proposed addendum to the Town of Winchester Comprehensive Plan and Future Land Use Map. In response to the comments received during the public hearing the Plan Commission did NOT recommend approval to the Town Board but will instead be revisiting the proposal to consider alternatives. Future Plan Commission consideration/discussion of the Comp Plan and Future Land Use map will be placed on future Plan Commission Meeting Agendas. Public participation is encouraged.
