OUR TOP CONTAMINANT

Plastic bags, film & wrap in any form are NOT accepted in recycling carts or dumpsters. Take clean and dry plastic bags back to store drop-off collections, found at:

www.BagAndFilmRecycling.org

RECYCLING IS REAL

Each year, more than 100,000 tons of your recyclable materials are collected, sorted, and shipped from the Tri-County Recycling Facility to processors within the U.S. for remanufacturing into new products.

- EMPTY, RINSE & REPLACE CAPS ON ALL BOTTLES & CONTAINERS
- FLATTEN CARDBOARD BOXES & CUT TO NO LARGER THAN 2' X 2'

OTHER UNACCEPTABLE ITEMS

BATTERIES

Batteries & electronics are a fire hazard and should never go in recycling carts. Search "battery" or "electronic" in our Waste Wizard website tool to find proper drop-off locations.

LIQUIDS & FOOD

Putting garbage, liquids & food in the recycling or "wish-cycling" items that you are unsure what to do with makes it difficult and costly for us to sort clean recyclables. When in doubt, visit our Waste Wizard website tool or contact us.

SHREDDED PAPER

Shredded paper builds up in our equipment creating unnecessary maintenance & cleanup. Visit our website or contact us for information about shred events or other shredded paper drop-off site information.

DOWNLOAD THE BETTERBIN APP!

The Betterbin app is a one-stop-shop to find answers to all of your recycling questions. You'll be able to scan any product UPC barcode or search household items to get local recycling instructions - EASY, ACCURATE & CONVENIENT.
